CARE & CONSIDER

Sourcing the Best Produce

We are committed to only using the best ingredients. That's why we are out early in the morning searching for the highest quality seasonal produce. We buy many of our ingredients from London's Borough and New Covent Garden Markets.

Borough Market is London's most renowned food market and sells a huge variety of British & international produce. New Covent Garden Market is the largest fruit, vegetable and flower market in the UK. It prides itself on providing the best produce, delivered with the best service.

"Freshly prepared dishes using the best seasonal ingredients delivered to your door by Room Seasons butlers."

Our Unique Packaging

"Many of our dishes are served in our own glass jars which make our food easy to eat whilst you are working or relaxing in front of the TV. It also means that your meal is served at the perfect temperature. As we collect the jars from the hotel afterwards for recycling you'll be pleased to know that we are trying to do our bit for the planet too."
